245, Moo 16, Ban Sukhung, Taku  
Subdistrict, Pak Thong Chai District,  
Nakhon Ratchasima Province,  
30150.

## Educational

- ✓ • **2023 - 2024** Currently studying at Rajamangala University of Technology Isan, pursuing a Bachelor's degree in Business Administration with a major in Information Systems (GPA 3.80).
- ✓ • **2021 - 2022** Graduated from Nakhon Ratchasima Vocational College with a major in Digital Business Technology (GPA 3.91).
- ✓ • **2018 - 2020** Completed high school at Pakthongchai Prachaniramit School, specializing in Mathematics-English (GPA 3.54).

## Intern Experience

- **Lamphraphloeng Agricultural Cooperative Limited.**
  - I assist with paperwork and photocopying.
  - I help organize products on shelves and check inventory, and I also assist with sales at the counter.

## Project Experience

- **NVC Coffee Plus website, Nakhon Ratchasima Vocational College. (2022)**

This is a website for the coffee shop of Nakhon Ratchasima Vocational College, designed to meet the needs of online sales and attract customers who are not convenient to visit the store. Just place an order through the website and make a payment to get the coffee you want. (VS Code)

- **Fertilizer reservation system. (2023)**

This is a fertilizer reservation system of the Village Fund, enabling its members to conveniently reserve fertilizer through the system without having to wait in long lines or spend a lot of time to complete the purchase contract.

- **Warehouse management system for a recycling plant. (2023)**

This is a warehouse management system used to store product information, calculate costs, profits, and inventory for a recycling plant.

- **The develop website international relations affairs, Rajamangala University of Technology Isan. (2024)**

This is a publicity website used for storing documents related to MOI/MOU/MOA agreements and also serves as a publicity channel.
